

Youth Exchange “Let’s go out!”

Goals of the project:

- I. promote an healthy lifestyle;
- II. reconnect youth with nature;
- III. involve youth participation in the ecological transition.

We are looking for participants ready to live an experience in an **international framework**, which are upon **18 years old** and (preferably) under **26 years old**. We wish the participants to be active and ready to contribute with their attitudes to the activities of the Youth Exchange.

Venue: Paola, Calabria (IT)

How to get in Paola?

You may fly on Rome airports (Ciampino or Fiumicino), Naples or Lamezia Terme (international airport of Calabria, the nearest of Paola).

From Rome and Naples you may arrive in Paola via railway. The trains are the fastest connections among those airports and Paola.

You can take high-speed trains (so called *Freccia*), intercity or even from Naples and Lamezia Terme regional trains.

Check those websites for the best solution to travel by trains. Name of the city where you have to arrive is simply PAOLA 😊

<https://www.trenitalia.com/en.html>

<https://www.italotreno.it/en>

What to bring with you?

Bring some good & comfortable shoes and clothes. Since the project is about “Green measures”, we are going to experience activities outdoor.

Some stakeholder of the project are organizations involved in the safeguard of the nature and the promotion of the environment.

Paola is located among sea and mountains. During the Youth Exchange, we are going to experience both! 😊

During the activities, we are going to exchange ideas and get to know about your culture. Please bring something you would like to share! ;)

Coronavirus emergency:

In Italy you can travel with the Green Pass. There are not limitations connected with quarantine by coming from the countries of the partner's organizations.

For more info check the official website and simulate your travel to Italy:
